Objective(s) Achieved				✓		<p>Activity 1: There was a lack of motivation and engagement during this activity. I think I miss judged the age group and their ability to do something that may make them look a little silly. Think carefully next time about what will hook in the group a little more.</p> <p>Activity 2: The children clearly had a great time building the shelters. Not many of them would stand up to rain or a little wind but they were a brilliant start. The children enjoyed sharing their shelters and explaining the different things they had thought of. We were a little tight for space with 7 groups trying to put up their own shelter.</p> <p>Activity 3: Children were excellent at thinking of positive comments about their partner. Some struggled to share this as part of the group but did give the stick to their partner afterwards.</p> <p>Next time I need to think of a starting activity that will engage the pupils more. I think I could do with developing knot skills before I attempt the activity again.</p>
