Objective(s) Achieved					✓	<p><b>Activity 1:</b> This is clearly a classic with the children that they love playing. This time we did have someone try and hide in a tree. We stopped the game at this point and discussed how we climb trees safely and ended up spending some time with all the children climbing trees. It was great to see the children helping each other.</p> <p><b>Activity 2:</b> The Shelters this time were exceptionally better. They worked better in groups. They had better designs that were put together even better.</p> <p><b>Activity 3:</b> Children loved drawing in the mud, we had a good discussion about what we had improved on since last time. Then we spent some time creating more complex pictures in the mud.</p> <p>The session ran very smoothly today. Everyone seemed engaged, with only very minor behaviour needing to be picked up on. Next week I would like to plan a special experience to help round it all off, I would also like to free it up to exploration and play a bit more.</p>
