Objective(s) Achieved				✓		<p><b>Activity 1:</b> This was much more energetic than last week and the children has a really good laugh playing. They were running around and it was great to see them realising the different ways they could use the environment to hide. Had to be careful over the last child who couldn't find them.</p> <p><b>Activity 2:</b> Really got into the character of caring for the cuddly toys as the start. Much more free flow this time and the majority of the group were well engaged. There was a good mix of people working individually and on their own. Children adapted the activity to the difficulty they required.</p> <p><b>Activity 3:</b> Children still not brilliant at this activity but a improvement on last time. We had more items and slightly better explanations.</p> <p>Next time I would like to teach them some shelter skills as they clearly loved building their shelters today. I am hoping that with building shelters I may be able to get last couple of kids who aren't fully engaged going.</p>
