## The Taxonomy of Play – Page 1

### Introduction:

There has been a great amount of research put into the way that children Play. Bob Hughes researched and published a Play worker's Taxonomy of Play types. His research has provided practitioners with a language to be able to discuss different play types. Below you will see a summary of his work.

	Play Type	Explanation
1	Symbolic	play which allows control, gradual exploration and increased understanding without the risk of being out of depth e.g. using a piece of wood to symbolise a person or an object, or a piece of string to symbolise a wedding ring.
2	Rough and Tumble	close encounter play which is less to do with fighting and more to do with touching, tickling, gauging relative strength. Discovering physical flexibility and the exhilaration of display. This type of play allows children to participate in physical contact that doesn't involved or result in someone being hurt. This type of play can use up lots of energy.
3	Socio-dramatic	the enactment of real and potential experiences of an intense personal, social, domestic or interpersonal nature e.g. playing at house, going to the shops, being mothers and fathers, organising a meal or even having a row.
4	Social	play during which the rules and criteria for social engagement and interaction can be revealed, explored and amended. E.g. any social or interactive situation which contains an expectation on all parties that they will abide by the rules or protocols, i.e. games, conversations, making something together.
5	Creative	play which allows a new response, the transformation of information, awareness of new connections, with an element of surprise. Allows children to design, explore, try out new ideas and use their imagination. They can use lots of different tools, props, equipment. It can have a beginning and an end, texture and smell. e.g. enjoying creation with a range of materials and tools for its own sake. Self expression through any medium, making things, changing things.
6	Communication	play using words, nuances or gestures e.g. mime / charades, jokes, play acting, mickey taking, singing, whispering, pointing, debate, street slang, poetry, text messages, talking on mobiles / emails/ internet, skipping games, group and ball games.
7	Dramatic	play which dramatizes events in which the child is not a direct participator. For example presentation of a TV show, an event on the street, a religious or festive event, even a funeral.
8	Deep	play which allows the child to encounter risky or even potentially life threatening experiences, to develop survival skills and conquer fear. E.g. light fires with matches, make weapons, conquer fear such as heights, snakes, and creepy crawlies. Some find strength they never knew they had to climb obstacles, lift large objects, etc.. E.g. leaping onto an aerial runway, riding a bike on a parapet, balancing on a high beam, roller skating, assault course, high jump.

## The Taxonomy of Play - Page 2

	Play Type	Explanation
9	Exploratory	play to access factual information consisting of manipulative behaviours such as handling, throwing, banging or mouthing objects. E.g. engaging with an object or area and, either by manipulation or movement, assessing its properties, possibilities and content, such as stacking bricks.
10	Fantasy	This is the make believe world of children. This type of play is where the child's imagination gets to run wild. Play, which rearranges the world in the child's way, a way that is unlikely to occur. E.g. playing at being a pilot flying around the world, pretend to be various characters/people, be where ever they want to be, drive a car, become be six feet nothing tall or as tiny as they want to be the list is endless as is a child's imagination.
11	Imaginative	play where the conventional rules, which govern the physical world, do not apply. E.g. imagining you are ..., or pretending to be, a tree or ship, or patting a dog, which isn't there.
12	Locomotor	movement in any or every direction for its own sake. E.g. chase, tag, hide and seek, tree climbing.
13	Mastery	control of the physical and affective ingredients of the environments. E.g. digging holes, changing the course of streams, constructing shelters, building fires.
14	Object	play which uses infinite and interesting sequences of hand-eye manipulations and movements. E.g. examination and novel use of any object e.g. cloth, paintbrush, cup.
15	Role	play exploring ways of being, although not normally of an intense personal, social, domestic or interpersonal nature. For example brushing with a broom, dialing with a telephone, driving a car.
16	Recapitulative	play that allows the child to explore ancestry, history, rituals, stories, rhymes, fire and darkness. Enables children to access play of earlier human evolutionary stages.
